Dear K1 families,

Late this afternoon we became aware of a possible COVID exposure in the K1 classroom family. I have been in contact with Dr. Sherry Young at the Health Department. Out of an abundance of caution and under the guidance of the Health Department we will be closing the K1 classroom next week, 9/28-10/2.

Dr. Young said that parents could get their children tested but that it is not required. There are several free testing sites planned for next week. Information about those sites can be found at <https://www.kchdwv.org/>.

Mrs. Carr will be in touch with you on Monday with remote learning details. We will have a K1 supply drive-thru pick up on Monday afternoon from 3:00-4:00 p.m. so the children have what they need for the week.

I know this is unsettling news, but we will get through this together. Our K1 family is awesome with mask wearing and social distancing and both of those things are so important.

Please contact me with any questions or concerns.

With love,
Susan Malinoski
